

Aviation finance services

Let our global SPV management services help put your business in the cockpit

At TMF Group, we have extensive experience in the provision of corporate services to Special Purpose Vehicles (SPVs) used for the structuring of lease-in, lease-out (LILo) aviation transactions, securitisations and other forms of asset finance. Our clients include banks, airlines and aircraft operating lessors.

We manage hundreds of aviation leasing SPVs around the world, working with a wide range of aircraft lessors, including both new entrants and established players. Our in-depth understanding of the operating lease sector and requirements of aircraft owners and lessors makes TMF Group the partner of choice.

With offices in more than 80 jurisdictions around the world, we offer a comprehensive range of SPV management services - directorship, accounting, corporate secretarial, security trustee, share trustee and other services. Our services are delivered in each country by our expert staff, who have local technical expertise and are fluent in English as well as the local language.
